

Site Access: Xalt Energy

Great Lakes Safety Training Center assists various sites with their Contractor Site Access. Each site has a different set of contractor requirements, which sometimes depend on job, time on the site, and access types.

For Xalt Energy, each contractor is required to have the training and a Background Check in the GLSTC system to gain access and work on site. Below is the information which is required and broke down for each job type. As always, Xalt Energy has the final say on all contractor access.

Classes	Class Expiration	Background	Class Cost	Background Cost
Construction – Any persons who is not a service contractor on site.	1 year w/ 90 day grace to take refresher. Then must take the initial again.	GLSTC Level 1 Background B/G with Informed Consent and Disclosure form for all contractors Valid for 7 years unless a person is not employed by that company for over 90 days during the seven years or there is a change of employer.	Const. Initial (8hrs) Member \$109 Non \$129 Const. Refresher (4hrs) Member \$56 Non \$69 Site Orientation (1hr) All Contactors \$10	\$65 member \$75 non (pay up front)

GLSTC request that all backgrounds be submitted at least 14 business days prior to needing site entry to process. The average turn-around time is 3-5 business days. All backgrounds should be submitted either by fax (989.837.6330) or email (background@glstc.org) completed in full for proper processing.

Training must be registered for by the business day before the class. Class schedules are posted on our website and via our Learning Management System. You may also call or email (enrollment@glstc.org) in order to register for classes. We suggest all background checks have been completed before completing the training.
