

Certified Occupational Safety Specialist

**INVEST IN YOUR SAFETY CAREER.
INVEST IN COSS TRAINING.**

WHAT IS COSS?

Certified Occupational Safety Specialist (COSS) training is a unique, curriculum-based program that builds a solid foundation in safety knowledge for the beginning practitioner as well as the experienced professional.

The course consists of 40 hours of hands-on, instructor-led learning, delivered by OSHA-authorized trainers. COSS meets the requirements outlined in ANSI Z490.1.

A recent survey indicated 95 percent of graduates believed COSS training would help them do their jobs better, and 90 percent of those surveyed said the way the material was presented made them feel confident that they could apply all they learned to their jobs.

UPCOMING COURSE DATES

2022

January 24-28	7:30 am - 4:00 pm
May 9-13	7:30 am - 4:00 pm

WHAT SETS COSS APART?

COSS is an **INVESTMENT** in your career. COSS will provide you with the knowledge necessary to help lower fatalities, near misses and OSHA citations.

COSS graduates will be able to:

- Determine the true cost of accidents
- Calculate total recordable incident rates
- Search records to assess where the likelihood of an accident may lie
- Utilize the Code of Federal Regulations
- Identify hazards, determine regulatory requirements, implement corrective actions and train personnel in required changes
- Complete risk analyses
- Perform accident investigations
- Develop and implement a safety audit
- Communicate corporate safety initiatives
- Develop and maintain company safety plans
