

Site Access: Nexteer Automotive

Great Lakes Safety Training Center assists various sites with their Contractor Site Access. Each site has a different set of contractor requirements, which sometimes depend on job, time on the site, and access types.

For Nexteer, each contractor is required to have the training in the GLSTC system to gain access and work on site. Below is the information which is required and broke down for each job type. As always, Nexteer has the final say on all contractor access.

Classes	Class Expiration	Background	Class Cost	Background Cost
NEXTEER FOUNDATIONAL SAFETY TRAINING – all contractors working at Nexteer Automotive	1 year w/ 90 day grace to take refresher. Then must take the initial again.	N/A	NEXTEER FOUNDATIONAL SAFETY TRAINING: \$75 Member \$100 Nonmember Training available in GSLTC Computer Lab M-F: 8:00am/10:30am/1:00pm	N/A

GLSTC request that all backgrounds be submitted at least 14 business days prior to needing site entry to process. The average turn-around time is 3-5 business days. All backgrounds should be submitted either by fax (989.837.6330) or email (background@glstc.org) completed in full for proper processing.

Training must be registered for by the business day before the class. Class schedules are posted on our website and via our Learning Management System. You may also call or email (enrollment@glstc.org) in order to register for classes. We suggest all background checks have been completed before completing the training.
