Site Access: Hemlock Semiconductor

Great Lakes Safety Training Center

Great Lakes Safety Training Center assists various sites with their Contractor Site Access. Each site has a different set of contractor requirements, which sometimes depend on job, time on the site, and access types.

For HSC, each contractor is required to have a background check in the GLSTC system to gain access and work on site. Training is required, however it is not required you complete your training with GLSTC. Below is the information which is required and broke down for each job type. As always, HSC has the final say on all contractor access.

Classes	Class Expiration	Background	Class Cost	Background Cost Total
OSHA/MIOSHA 10 Hour (or above) **HSC Site Specific Training - for enrollments you can email -** notification.training@hscpoly.com	**OSHA 10** - No Expiration **Site Specific** – Contact site for details.	**GLSTC Level 1 Background** B/G with Informed Consent and Disclosure forms. Valid for 4 years unless a person is not employed by that company for over 90 days during the seven years or there is a change of employer.	Contact site for details.	$83.00 member $100.00 non-member

GLSTC request that all backgrounds be submitted at least 14 business days prior to needing site entry to process. The average turn-around time is 3-5 business days. All backgrounds should be submitted either by fax (989.837.6330) or email (background@glstc.org) completed in full for proper processing. We suggest all background checks have been completed before completing the training.
