

Site Access: MyMichigan Health

Great Lakes Safety Training Center assists various sites with their Contractor Site Access. Each site has a different set of contractor requirements, which may depend on job, time on the site, and access types.

For MyMichigan Health, each contractor is required to have a Background Check and training to gain access and work on site. Below is the information which is required and broke down for each job type. As always, MyMichigan Health has the final say on all contractor access.

Classes	Class Expiration	Background	Class Cost	Background Cost
