Preparing People To Live & Work Safely Every Day!

We Are the Recognized Leader in Safety Education and Related Services, Empowering Our Members and the Community To Prevent Injuries, Save Lives and Achieve a Culture of Safety Excellence.

Great Lakes Safety Training Center

WELCOME TO GREAT LAKES SAFETY TRAINING CENTER!

At the Great Lakes Safety Training Center (GLSTC), a 501c (3) organization, "Preparing People to Live and Work Safely Every Day" is our mission. Founded as a volunteer organization in the 1950's and incorporated in 1989, GLSTC has grown into an organization that offers a surprising array of classes and services to over 260 member companies.

Join the GLSTC community — hear firsthand from one of our members!

J. RANCK ELECTRIC, INC.

We recently partnered with Great Lakes Safety Training Center to develop a custom safety training program for our teams. The experience exceeded all our needs and expectations. Their team was professional, responsive, and incredibly KNOWLEDGEABLE from the initial meeting to the final delivery.

A standout feature of this collaboration was the CUSTOM computer-based training Great Lakes created specifically for our company. Designed to meet our unique operational needs, the material was thoughtfully developed with industry-relevant content, interactive modules, and end of lesson assessments that truly enhanced engagement and retention.

They took the time to understand our processes, through site visits, then TAILORED the program to be both practical and impactful. Our employees provided overwhelmingly positive feedback and felt more confident and better prepared after completing the training. We've already seen improvements in safety compliance and a noticeable reduction in workplace incidents.

We're excited to continue working with Great Lakes Safety Training Center for future training initiatives. If you're looking for a partner that delivers HIGH-QUALITY, customized training solutions with real results, I would recommend reaching out to Great Lakes Training Center.

- Joseph Rowley, Director of Safety and Security, J. Ranck Electric

We're proud of what we do, what we offer, and the chance to play our role in creating safe communities. Thank you for considering becoming a partner and helping us realize this goal!

Kelly Juday
Executive Director
Great Lakes Safety Training Center

WHAT DO WE OFFER?

Great Lakes Safety Training Center provides workplace/occupational safety training and safety services to promote safe communication and business throughout our region and beyond.

Your initial $375 investment as a Great Lakes Safety Member includes the following services, benefits, and more! Don't wait!

OUR SERVICES

Instructor-led and Hands-on Training

Utilizing our state-of-the-art Hands-on Lab, our training provides real-world experiences. This, combined with instructor-led classroom learning, increases retention.

Online Safety Courses

We offer access to over 100 on-demand courses through our website 24/7! Courses include OSHA, DOT, CMV, Human Resources, and more!

Background Checks and Security Screening

We provide the most efficient, fast, customized, and highly automated background screening services available.

Safety Plan Audits and Consultations

Our expert team can work with you on compliance, abatement assistance, safety plan review or development, and consultation on any safety need.

Customized Training Development

Our experts can design a safety training curriculum that meets all of your safety needs!

Safety Data Management Tools

Our Learning Management System (LMS) provides centralized record keeping for all training, background screenings, and more.

Site Safety Support

We offer highly qualified and experienced safety professionals for short- and long-term projects at your site(s).

In a recent study, 94% of our members strongly agree/agree that we provide quality, value, diverse training offerings, and expert knowledge of our communities!

TOP 10 Member Benefits

When you secure a membership with Great Lakes Safety you will receive . . .

1. Discounts on training and background checks.
2. Experience our Hands-On Training lab, stocked with state of the art equipment, where employees simulate confined space entry & rescue, fall protection/ prevention, Hazwoper training, and much more!
3. Premium access to our secure online Learning Management System, giving you 24/7 access to customized training reports, records, and data.
4. Highly qualified instructors and consultants to assist with your compliance needs and safety plan development.
5. Information delivered to your inbox. We provide a monthly safety newsletter to keep you up-to-date on upcoming trainings, safety news, tips, and trends.
6. We keep you connected and current. GLSTC provides networking opportunities, other regional safety events, and an annual safety celebration meeting with a nationally-known keynote speaker.
7. Access to online training courses, such as DOT, OSHA, Commercial Motor Vehicle, and many more!
8. Access to over 400 free safety videos in our video library, available on our website.
9. Invoicing on your terms. Instead of pre-payment for classes and services, GLSTC members can be invoiced for safety services.
10. We care about your family. Our 'Safety for the Kids' program provides scholarships for students in the Great Lakes Bay Region pursuing trade, construction, manufacturing, or engineering degrees with a focus on safety.

GLSTC CULTURE AND CORE VALUES

We value Integrity and Professionalism in all that we do. We treat each other and our customers with respect and dignity. We strive to always do what is right and ethical. We follow through, doing what we say we are going to do, and taking ownership of the organization. We are positive ambassadors for GLSTC in our community.

We are Creative and Innovative in finding solutions, and we Embrace and Drive Change as we seek new ways of working, solving problems, and managing growth. We always "find a way" and go the extra mile to make good things happen.

We Deliver WOW Service to our clients and each other. We are timely and responsive in answering inquiries. We put the customer first and seek ways to help our customers be successful. We are welcoming, friendly, and approachable with each other and our customers.

We Communicate Positively internally and externally. We build open and honest relationships, listening for clarification and understanding. We speak positively about our coworkers, customers, and the organization and do not tolerate any negativity. We constructively and professionally deal with conflict.

We Build a Positive Team Experience. We recognize that the success of the team depends on the members and how well they work together. We help each other be successful and celebrate the success of individuals and our team. We back team members up when they are overloaded or stressed. We have each other's back, and we never throw team members under the bus. We take time to get to know one another and respect team member strengths and differences.

We have Passion for what we do but make time to Have FUN Safely! We are friendly and work hard to promote an open and accepting work atmosphere. We use humor appropriately and seek ways to positively break up the day. We actively participate in team events and socials.

COMPANIES THAT CARE, THRIVE.

"Why do we practice safety in the workplace?"

The way a company responds to this question is telling.

Companies that CARE tend to say:

- "Our people are our priority."
- "We care about our employees and we have a responsibility to keep them safe."

Companies that care about their employees, care for their employees. Be a company that THRIVES. Partner with GLSTC and invest in a strong safety program to ensure your people get everything they need.

WORKPLACE SAFETY IN THE U.S.

5,283
Job-Related Injury Deaths/Year

2.6 Million
Non-Fatal Injuries and Illnesses/Year

The most frequently VIOLATED STANDARDS:

Fall Protection

Hazard Communication

Control of Hazardous Energy (Lockout/Tagout)

The occupations that yield the HIGHEST DEATH RATES are:

Logging Workers

Fishing and Hunting Workers

Roofers

AVAILABLE SAFETY TRAINING COURSES AT GLSTC

- Aerial Lift/Elevated Work Platforms
- American Red Cross CPR/First Aid/AED
- Certified Occupational Safety Specialist (COSS)
- Confined Space Entry & Rescue
- Fall Protection
  - Competent Person
  - Authorized User

THE HANDS-ON SAFETY TRAINING LAB

Experience real-world workplace scenarios in our Hands-On Safety Training Lab! We can provide classroom instruction and practical application, preparing your workers for real situations they may face on the job.

Hands-On Training has been shown to raise information retention up to 90% when added to our training materials, lectures, and safety videos. Learning by doing is a critical way to ensure employees retain their safety training.

We offer a variety of hands-on training and simulations including:

- Aerial Lift
- Confined Space Entry & Rescue
- Fall Protection User and Competent Person
- Fire Extinguisher
- Fork Truck
- HAZWOPER
- Lockout/Tagout
- Scaffold

Don't see the course you need? Reach out to us with your training requests — we're always developing new programs to meet your needs. Most of our courses can also be adapted and delivered at your location.

GLSTC'S LEARNING MANAGEMENT SYSTEM: STAY CONNECTED!

Great Lakes Safety Training Center's Learning Management System (LMS) is specifically designed for our clients. This web-based tool will help you easily and efficiently administer and track your training and compliance.

GLSTC's LMS will support you with administration, documentation, tracking, and reporting for both classroom-based and virtual training programs. It also allows for management and tracking of background checks for employees.

This easy-to-use, streamlined system will centralize your record keeping for training and background checks. One of our most popular features is the ability to customize reports and filter data according to your individual needs.

BENEFITS OF LMS

- Save time by having direct access to our registration and background services.
- Immediate access to upcoming training.
- View data on training and background checks.
- Direct email expiration reports.
- Customized reporting.

WANT TO BE TRAINED?

GLSTC offers FREE Member Administrator Training on our LMS to all our member companies. Our LMS provides a powerful tool for your organization to get "front of the line" access to your employees' safety documentation.

Contact glstc@glstc.org to request a username and schedule training.

A NOTE FROM OUR PAST PRESIDENT

"As a GLSTC member for more than 30 years, Alloy has participated in many different services, and I can sum up the benefits in two words: culture change. What does that mean? GLSTC has evolved from a facility that provides support to the members by way of safety training, to a "center" for members to learn, share, and continuously grow together. This setting nurtures the mindset that everyone should go home in the same condition they came to work that morning. Side benefits - added confidence and peace of mind on the job and reduced insurance premiums for the members, as well as their customers, due to steadily reduced accidents. We are more than fortunate to have a training facility of this caliber right here in our backyard."

- Ronnie Neumann, Retired, Alloy Construction
